COMMISSIONING AN ILLUSTRATION

To demonstrate we will use an illustration we did for the TVR Car Club.

- 1 Email us a digital photograph of a car taken from the angle all participating members will like. Try to take the shot so the camera is at the same height as the head of the driver for extra impact.

- 2 We will then produce a detailed illustration of the vehicle as high definition art.

PERSONALIZING THE CARS

There will be a fee of \$95 for each personalised car.

Email us a digital photo of the front of each members' car, so we have the color and licence plate number.

3 Colour Match. We will recolor the illustration for each car.

4 Background. Choose your favorite from our catalog.

5 What would you like the message to read at the bottom of the print?
We usually show the vehicle make and model with the year of manufacture, but the message can be anything you wish - perhaps a personal message.
